About EnviroLeach Technologies Inc.

EnviroLeach Technologies Inc. has developed a unique, cyanide free, cost-effective and environmentally friendly alternative to the toxic methods currently used in the hydrometallurgical extraction of precious metals for the mining and Electronic Waste (E-Waste) sectors. The patent-pending EnviroLeach Process is safe, eco-friendly, and provides comparable leach kinetics to that of cyanide or acid based lixivants on most ores, concentrates, tailings and E-Waste. The company is actively pursuing strategic relationships in both sectors.
